In the Matter of:

NOTICE OF PURCHASED GAS)	
ADJUSTMENT FILING OF DELTA)	CASE NO. 9059-D
NATURAL GAS COMPANY, INC.)	

ORDER

On December 21, 1984, the Commission issued its Order in Case No. 9059 approving certain adjustments in rates and providing under certain conditions for the further adjustment of such rates on a quarterly basis in accordance with the provisions of the Gas Cost Adjustment Clause set forth therein.

On September 30, 1985, Delta Natural Gas Company, Inc., ("Delta") filed its quarterly gas cost adjustment which is to become effective November 1, 1985, and is to remain in effect until February 1, 1986.

After reviewing the record in this case and being advised, the Commission is of the opinion and finds that:

(1) Delta's notice of September 30, 1985, set out certain revisions in rates which Delta proposed to place into effect, said rates being designed to pass on the overall wholesale increase in gas costs from its suppliers in the amount of 3.39 cents per Mcf.

(2) Delta's notice set out a total refund adjustment of 2.32 cents per Mcf, replacing the previous adjustment of 3.59 cents per Mcf. This adjustment includes a current quarter supplier refund of \$25,137 plus interest which is due Delta's customers.

(3) Delta's notice set out a current quarter actual adjustment in the amount of 12.51 cents per Mcf to compensate for previous over-recovery of gas cost by the company through the operation of its gas cost recovery procedure.

(4) Delta's notice set out a balance adjustment of (7.59) cents per Mcf to compensate for over- and under-collections which occurred as a result of previous gas cost, refund and balance adjustments.

(5) Delta proposed a gas cost recovery rate in the amount of \$3.7741 per Mcf. This is a decrease of \$0.3102 per Mcf from the rate previously in effect. The decrease represents the combined effect of the supplier increase, refund, actual and balance adjustments.

(6) Delta's adjustment in rates contained in the Appendix to this Order under the gas cost adjustment provisions approved by the Commission in its Order in Case No. 9059 dated December 21, 1984, should be effective with final meter readings on and after November 1, 1985.

IT IS THEREFORE ORDERED that the rates in the Appendix to this Order be and they hereby are authorized effective with final meter readings on and after November 1, 1985.

IT IS FURTHER ORDERED that the gas cost recovery rate shall be \$3.7741 per Mcf effective with final meter readings on and after November 1, 1985.

IT IS FURTHER ORDERED that within 30 days of the date of this Order Delta shall file with this Commission its revised tariffs setting out the rates authorized herein.

Done at Frankfort, Kentucky, this 11th day of October, 1985.
